SUMMARY

I graduated from Gunadarma University in 2026, majoring in Information Systems. I am accustomed to working effectively and efficiently and have a high level of initiative in completing various tasks. I am able to work both independently and as part of a team. I am enthusiastic about developing my skills, gaining new experiences, and learning new things. During my studies, I gained practical experience through academic research and developed a website as part of my final project.

EDUCATION

Gunadarma University | Information Systems – Bekasi, Indonesia — September 2022 – Now
GPA 3.66 of 4.00

SMKN 3 Bekasi| Computer and Network Engineering – Bekasi, Indonesia — July 2019 – June 2022

ACADEMIC PROJECT & RESEARCH
